

SAFE COMMUNITIES LLC

PROVIDING "PEACE OF MIND" FOR OUR COMMUNITIES

Fisher Island Community Association has partnered with the Safe Communities Vendor ID Program. All contractors/vendors will be required to create an account on the Safe Communities portal, <https://app.safevendor.net/signup>. Contractors/vendors will have the ability to submit applications for themselves and their employees. A comprehensive criminal background search and a driver's license check will be conducted. Once approved, the applicant will receive access to their Digital ID. The Safe Communities Vendor ID app is available through the Apple and Google Play store.
